Exercise

Q1: Use Task Scheduler utility to daily prompt a Good Morning message on your screen at 9 a.m. List steps of accomplishing the above task.

The screenshot illustrates the process of creating a task scheduler task. The background shows a Google Classroom interface with a PDF document titled "LAB 3.pdf" containing the following text:

EXERCISE

1. Use Task Scheduler utility to daily prompt a Good Morning message on your screen at 9 a.m. List steps of accomplishing the above task.

STEP 01

Open task scheduler. You can open it by two methods **one** is by pressing window button and then type **task scheduler** and the **second** is to press **window + R** and type **compmgmt.msc**.

STEP 02

Open task scheduler and create a new task.

general option give any name and description to the file.

triggers option press new and then now you can select any option like **one time**, and then set time for **9:00 AM** and press **ok**.

In **actions** option press new and then select action **start a program** and then in

The foreground shows three overlapping windows:

- Run Dialog Box:** The "Open:" field contains "compmgmt.msc".
- Computer Management Console:** The "Task Scheduler" folder is expanded in the left-hand tree view.
- Create Basic Task Wizard:** The "Summary" tab is selected. The "Name" is "LabTask", the "Description" is "This will display a good morning message at 9 am", the "Trigger" is "One time; At 9:00 AM on 10/30/2025", and the "Action" is "Start a program; msg *GOOD MORNING". The "Finish" button is highlighted.

The taskbar at the bottom shows the system clock as 6:04 PM on 10/30/2025, with a currency converter showing USD/RUB at +0.63%.
